## Student mobility for study at VEVU

### Project 2020-1-HR01-KA107-077461

- 
- ▶ My name is Olena and I am from Ukraine.
  - ▶ I was on mobility at VEVU in summer semester 2021/2022.

**I found this program for the mobility accidentally and I did not know what to expect.  
But I wanted to try so hard...**

First thing that I want to say : „just try”

Don't be afraid and you will have one of the most impressive experiences in your life!

Also, you need to know that all the work with documents before the mobility is worth it.

I fallen in love in Croatia after this few months here.

# To talk about the stay at Vukovar

- ▶ It is small and quite town where amazing people are living.

Studding here was for me not so hard because the program at College was similar to my studding program in Ukraine.

I loved that College had a lot of extra studding opportunities for students

For example a lot of sport competitions, conferences, trips.

If you take opportunities you will have a greet time in Vukovar.

Also my communication with professors was good.

They are always ready to help and understanding.

One important ting that the College has dormitory for students. The condition are very good there: new building, conditioning, different types of rooms.

# Trip to Zagreb

In the company with representative of the VEVU student union & and fellow incoming students

Cultural elevation at Croatian National Teatre

# Traineeship study trip

There is always time for rest and enjoy!

In the company of  
Vice - dean for students and teaching, head of the Business Department and  
fellow home students.

**I RECOMMEND VUKOVAR TO ERASMUS STUDENTS.**

**YOU WILL HAVE GREAT TIME THERE.**

**JUST TAKE THE OPPORTUNITIES THAT COLLEGE AND CROATIA WILL GIVE YOU, AND TRY TO FIND SUCH OPPORTUNITIES BY YOURSELF.**
