Stručna praksa (stažiranje, pripravništvo) u inozemstvu u poduzeću, znanstvenom institutu, laboratoriju, organizaciji ili bilo kojem drugom relevantnom mjestu rada. Stručna praksa (stažiranje) u inozemstvu podupire se za vrijeme studiranja u bilo kojem ciklusu studija i za osobe koje su nedavno diplomirale. To uključuje i asistenturu u nastavi za studente na nastavnoj praksi te znanstvenu asistenturu za studente i doktorande u bilo kojoj relevantnoj istraživačkoj ustanovi.

Sljedeće vrste organizacija nisu prihvatljive kao organizacije primateljice za mobilnost studenata u svrhu stručne prakse: institucije i ostala tijela EU-a, uključujući specijalizirane agencije (cijeli popis dostupan je na stranici: https://europa.eu/european-union/about-eu/institutions-bodies_hr); organizacije koje upravljaju programima EU-a, kao što su nacionalne agencije za program Erasmus+ (kako bi se izbjegao mogući sukob interesa i/ili dvostruko financiranje).
