G. Financial Support

The financial support awarded within the Erasmus+ program does not necessarily cover the entire cost of staying at a host foreign higher education institution. It is not a full scholarship but rather a supplement to the costs of studying that the student would also incur at their home institution or during an internship.

For each individual, the financial support calculation considers the individual support (for accommodation and other stay costs) based on monthly amount and travel costs determined by the European Commission – Erasmus+ rule, and optionally top up for fewer opportunities.

allocated by the University or its departments to increase the monthly financial support amount for students do not constitute double funding.

Students may receive additional grants alongside Erasmus+ EU funds or instead of them (for participants in mobility without financial support from EU funds) from regional, national, or other non-EU-managed sources (e.g., ministries or regional bodies).

ADDITIONAL FINANCIAL SUPPORT FOR STUDENTS FROM DISADVANTAGED BACKGROUNDS
